SEPTEMBER 2008

A top broker

SYDNEY mortgage broker **Justin Doobov**, along with his company, Intelligent Finance, are finalists in three categories at this year's Australian Mortgage Awards.

Doobov is in the running for Broker of the Year, while his company is up for Best Customer Service and Brokerage of the Year. It's the fifth consecutive year that the company has been named a finalist in the awards. "I am delighted to be nominated again this year. It is a testament to the hard work that my staff and I do each and every day," said Doobov, who established the company more than five years ago. "My staff and I project-manage the whole lending process, which takes a lot of stress off our clients. I believe that this sets us apart from the rest."

Winners will be announced later this month in a ceremony at Sydney's Luna Park.
