JUSTIN DOBOV

SYDNEY mortgage broker Justin Dobov and his company, Intelligent Finance, are in line for a major industry award.

Intelligent Finance, a Sydney-based lending company, is one of three finalists in the Lending Central Awards, in the category of Mortgage Broker of the Year.

"I am honoured for Intelligent Finance to be a finalist in this award," Dobov told *The AJN*.

"My clients and colleagues would be proud to know that we have been recognised by the industry for the huge benefits we have made to their personal and business finances."

Established by Dobov in 2003, Intelligent Finance arranges loans for clients, claiming to provide cheaper interest rates and better structured home loans.

"The company project manages the whole purchase process, effectively taking away the pain in purchasing a property," Dobov, a qualified engineer who holds degrees in accounting and finance, said.

The award winner will be announced at the end of February.
